WDB & BOD COMBINED BUSINESS

13. INFORMATION/DISCUSSION ITEMS

- 13.1. Funding Report (Amy Torres)
MLJT Operations Manager, Amy Torres, addressed the boards on this matter. She announced that MLJT has three new COVID Emergency grants totaling in \$885,000. \$150,000 of the total funds will be dedicated to assisting individuals who have been laid off or had their hours reduced by the COVID-19 pandemic. Eligible participants may get up to \$800 to help with basic needs such as childcare, transportation, housing and utility assistance. Providing these important basic needs will allow job seekers to focus on quickly finding reemployment. \$735,000 will help provide strategic employment, training and support services to assist workers laid off due to COVID-19, speeding up the process of re-employment and offering relief. The reemployment activities that will be offered include, but are not limited to, referrals to local employers who are hiring, job readiness workshops to build essential job skills, personal assistance with career planning including an individual employment plan, résumé preparation, interview techniques and support services to assist participants with employment or training related expenses, training, including on-the-job training, vocational training, and paid work experience.
- 13.2. Directors Report (David Thoeny)
Dave Thoeny began his report by sharing that MLJT recently had a Youth File Monitoring with a result of no findings. He also updated the board that with the recent COVID-19 pandemic, in person services are currently suspended and centers are closed to the public, however, staff are still working either in office or telecommuting from home to provide remote and virtual services to clients. Dave also informed the board that during a recent Audit, there was a prospective finding with the outsourcing of Foundation for Community Colleges to pay for client's workers compensation and payroll processing for Work Experience participants. Staff has been working with the State to correct the potential finding and communications are currently in process. MLJT

is one of many workforce development agencies outsourcing to Foundation for Community Colleges, so a confirmed finding would result in a ripple effect through the rest of that state causing all affected agencies to re-evaluate their services.

INSTRUCTIONS: Activities reported on the Rapid Response 121 Report are those relating to visits in response to layoffs or closures, as defined in this Directive. Reportable visits include Worker Adjustment and Retraining Notification (WARN) and non-WARN events. The Rapid Response 121 Report must be completed for all layoff/closure planning/orientation meetings. Planning meetings and orientations for 9 or less employees are for information only and will not be used in the calculation of the dislocation-based formula funding factor. Complete a separate line item entry for each visit occurring on different days, locations or employers.

Complete a single line item entry if multiple sessions are conducted on the same day, at a single location, and for a single employer with the note of how many multiple orientations were made that day. The Rapid Response 121 Report is cumulative, must be completed quarterly and submitted via e-mail by the 20th of the month following the quarter end to the assigned Regional Advisor, with a "cc" to the Local Workforce Development Area (Local Area) Administrator. For example, submit the 03/31 report by 04/20.
