

Addendum – Posted 5/06/2024

Q: Would the contractor be allowed to use Payroll Services company such as ADP for Payroll Processing?

A: Yes.

Q: It looks like you already had the same bid back in 2022 which was Closed/Awarded and then again in 2023 which was Closed/Failed. Would you be able to share the reasons?

A: We are always striving to improve our services and the capabilities of our agency to continue to serve people according to workforce needs. Until we find an EOR that can provide services for all of our needs in our region, we will continue to explore options.
